

Remarks:

The originally filed drawings of Figures 2 and 3 did not show structure 2. The drawings provided here show this structure. No new matter is added. For example, Paragraph [0018] states, "Figure 2 shows the wafer according to Figure 1 which has been provided with a casting compound which encloses the 3D element." See also Paragraph [0022].

Please contact Applicants' attorney with any questions regarding this matter.

Respectfully submitted,
